HOME WHERE THE HEART IS.

McNichol Will Help Make It.

You may seek and court money, you may travel after fame, while your days are fair and sunny and each short brings you the same, you may search the wide world over and may find a home.

But regret pursues the rover, what to him can be existence, who sits by a stranger's hearth, whose bright light fades in the distance, he, a wanderer o'er the earth—better turn the drift time fane, back to just a humble start, and by hard work's economy, make a dwelling for your heart.

Some there are who strike a cavern, full of luck, red gold and ore, but far more hang round a tavern, for the ship to come to shore, know your friends are shiny dollars, that ever helped a man; save them every good thing follows—try Mac's grand installment plan!

Even a bed a chair, a table—All you own seems wealth enough; Get the luxuries when you're able, trim perfume, silk and lace, Mac's five chap will freely aid you, then you'll thank the one who made you, then you see your falling sun!

Your sun of good luck and fortune will only rise from cloudy night when you cut off old follies and start anew, for the time will be made to feel at home where the heart is, and the heart cannot board, see.

The government claims that a soldier early save \$6 from his clothing store during his five years

During my short stay of less than a month at the Barracks I expended nearly for clothing, and was no more extravagant than the other recruits.

The brutality of the non-commissioned officers had been dwelt on at the expense of their humane treatment of their men. I have been told, and it would be utterly impossible for me to do it justice. No personal case I have been made against any of these men for it.

It is that one man can have another rioned for several days without a trial even giving the prisoner a chance to make explanation to a disinterested jury. It is clearly preposterous, but this practice common one at Jefferson Barracks. A more natural mode of revenge could suggest itself to an unscrupulous man of low power.

Striking the men in the ranks has spoken of and even a murder, the officer provoked killing of a human being—by or for a brutal non-commissioned officer has been exposed.

What law gives a man the right to slay fellow without even an inquiry?

There is no law.

None, nevertheless this is the first time Barrack was hushed up. Although the articles of war distinctly state that an officer who does not report any crime to the authorities shall be court-martialed. This too clearly proves that the articles of war are for naught at this place.

Any man who works for money is hard-pressed. Barrack recruits tell us that monthly he is entitled to keep it, but have described in detail how the sergeant compels him by threats and other arguments to compel the recruits to part with the greater portion of their money each month.

HOW THE LONE HIGHWAYMAN WAS TAKEN INTO CAMP.

Marshal Glode's Prompt and Effective Measures—The Prisoner Breaks Down and Confesses His Deeds

the Intends to Enter the Court.

CTING on a general order issued yesterday morning by Chief Huester, the entire police force of this city is now on the watch for Alice Cole, the pretty, well-to-do old girl who is missing from her home in Chester, Ill., under particularly strange circumstances. The girl is the daughter of Charles B. Cole, the owner of extensive milling interests in Chester and one of the most substantial citizens in that section of the State. She has been well educated and has enjoyed all the advantages which abundant wealth can afford. Her social standing could give her. For several years she has spent the winter season in a private school at Nantuxet, E. I., returning to her home in Chester during the summer months.

On last Wednesday morning Alice had some slight difficulty with her mother. The affair is of such a trivial character that all ill feelings had apparently passed away, and the mother thought nothing of it.

At 2 o'clock about 2 o'clock that afternoon Alice put on her hat and left the house, remarking in answer to a question asked by her sister that she was just going out for a walk. She was seen to leave the hill and since that time her distracted parents have been

and also read a memorial presented by Joseph H. Reall, President of the American Agricultural Association, urging the calling of an extra session of Congress to consider plans for the World's Fair for 1892.

Mr. Reall urged that the step was advisable, as the regular

President Harrison's session would not be able to give sufficient time.

The President and Mrs. Harrison will be the guests of honor at a dinner to be given to-night by Senator Henry G. Davis. The other guests will be Gen. and Mrs. Goff, Hon. James E. Campbell and wife, Mr. and Mrs. J. M. Campbell, President of the B. & O. Railroad Co., and Mr. Spencer, Judge Fleming, Gen. and Mrs. George B. Williams, and Mr. and Mrs. Camden, Lieut. Brown and Mr. McKee and wife. The country has been visited by Gen. and Mrs. Campbell, Democratic nominees for Governor of Ohio, was one of this morning's arrivals. He leaves to-morrow for

BOSTON, Mass., August 31.—Ferdinand Wyman and Walter Potter, of the firm of Potter, Lovell & Co., bankers, sailed to-day from New York to make the final arrangements with an English syndicate for the purchase of all of the tanneries in Maine, Massachusetts and New York with the ultimate object of forming a trust which will include all of the tanneries in the country. Ten millions have been pledged for the purpose by English capitalists, and every condition has been secured, and it is expected that the deal will be successfully consummated. Twenty-three tanneries in Maine, Massachusetts and New York have been secured, and it is expected that the deal will be successfully consummated.

REPUBLIC, Mich., August 31.

SHOOTING Highwayman Reimund Holway, alias "Black Bart," who has been five months in the county jail, was captured here this morning by City Marshal Glode and Justice

of the Peace E. E. Weiser, and will be taken to Muskegon to answer for the killing of A. Fleischbein of Belleville, Ill., at Glode's house Monday of this week. Holway confessed to all the stage and train robberies. At 7 o'clock this morning Marshal Glode and Justice Weiser were walking down the street from their homes. When near the railroad depot they met a man dressed roughly, and apparently anxious to escape attention. The Marshal was struck by his close likeness to the description of the Gogebie stage robber, and immediately stepped in front of the man, saying, "I want you."

The stranger whipped his hand to his eye pocket, but before he could draw a pistol was felled by Marshal Glode's bullet, which stunned him. He was taken to the village jail, recovering consciousness on the way. When he was searched, and three revolvers, three gold watches, four pocketbooks and other articles were found on his person. One pocketbook bore the name of Reimund Holway, the robber's name.

Her mother is almost

her daughter away from home.
Col. Coffey at the police suggestion that
she might have been kidnapped, says that he
is carefully watched. Alice since her re-
turn from Nantucket is confident that she
will find no one who saw her last night.
She made male friends without number in
the city and was associated
intimately with any of them. She has been
visiting her relatives in Kirkwood and Alton
recently, and may have made some male ac-
quaintances on this trip, but I consider such
speculating as being about as profitable as
guessing that Alice is a girl of strong mind.

Private Hobbs, who owns all of the private
clubs, hotels and furnished-room houses
in St. Louis, as a precautionary measure en-
closed a number of the papers of the last night
found no trace of the missing girl.
Chief Clegg, who is the man in charge in which
daughter's rash determination has placed
himself only thought, however, is so con-
fident in his feelings concerning her that he
feels confident she will return.

SPORTS AND PASTIMES

RESULT OF THE RACE AT COMPTON AVENUE PARK.

Main Event—The Races Will Be Finished To-Day—English Sporting Matters—Sprinters—Hippodroming—Leacock a Winner—General Athletics—News and Notes.

In the presence of 1,500 people, among whom were a large number of ladies, the races of the St. Louis Bicycle Track Association were partly run off yesterday at Compton Avenue Park. The races were of the late arrival of some of the contestants and a slight shower, the events were not started until nearly 3 p. m. After six of the events had been run off a heavy rain fell, rendering the dirt tracks too heavy for riding and causing the postponement of the races till to-day at 1 p. m., when they will be resumed. It was found necessary to run the races to-day because among the entries are a large number of riders whose duties will not permit of their staying over any longer.

The first event, the one mile novice race, resulted in a close finish. The winner was L. D. Canham, in 1m. 14.5s. G. E. Peckham being second in 1m. 14.5s.

The three-mile match race between Ring and Harding was a "hot" race of the worst kind. The race was run off at 10 a. m. and both put on their best speed, but the best Ring could do was not sufficient, and Harding crossed the tape a winner in 10m. 45.5s. The winner was presented with a beautiful floral horse-shoe by his admirers.

On account of "track fright" all of the St. Louis entries backed out of the half-mile race, which was hotly contested between Tattle and Lumsden. The former won the race in 1m. 23.5s. with Lumsden and Lumsden close up in the order named. A claim of foul being allowed, Lumsden was given second place. The race was a one mile open race had only three starters and it was won by Lumsden in grand style in 3m. 12.5s. Tuttle second in 3m. 12.5s.

The one mile safety handicap was one of the finest races of the day, and was closely contested from start to finish. John Hurck, 40 yards, finished first in 3m. 05.5s, and Frank Fanning second in 3m. 05.5s.

In the one mile division championship the Cycling Club boys were not disappointed, as their man, E. Barnard, won it hands down in 3m. 17.5s. The race with which the winner started away from the rest, and he was undoubtedly the fastest man in the state.

A heavy rain then started to fall and after waiting for over half an hour for it to clear up, the officers declared the balance of the races of the day to be postponed. The ground was so wet that it would be impossible to run the races.

RACING IN ENGLAND. Ralph Temple has not been meeting with much success. On August 6 he was beaten by E. English by a yard and a half in a two mile scratch race. The time was 3m. 15.2s. Allard, Jack Lee, W. Wood and Howel were also in the race. In the mile championship, Howel defeated Temple by half a yard in a preliminary round.

At the Sports Play tournament at Aston, August 5, Temple was beaten by W. Wood by half a lap in the half-mile championship by E. English. Temple also failed to show any signs in the 10-mile championship won by Fred Wood. Lee in 3m. 12.5s. and W. Wood, 10m. 45.5s. E. English, F. W. Allard, Lumsden, Howel and James were among those who were beaten.

At the annual race meeting of the Dutch National Cycling Club, on August 10, 10m. 45.5s. and 10m. 45.5s. The champion, won the 10m. 45.5s. race, breaking the Dutch record by almost 2m. 10s. He also won the 5m. 05.5s. race.

THE GOLFERS' RACE. The St. Louis Bicycle Track Association by the ladies of the city yesterday's race leads the officers of the association to offer a prize to the winner for the uncovered condition of the grand stand. The race was won by a lady who was in the position of a third party's shortcomings. Had it not been for the lady's shortcomings, the race would have been a success.

At the annual race meeting of the Dutch National Cycling Club, on August 10, 10m. 45.5s. and 10m. 45.5s. The champion, won the 10m. 45.5s. race, breaking the Dutch record by almost 2m. 10s. He also won the 5m. 05.5s. race.

winning a ten-mile scratch race at Aston August 6. He said to a reporter: "I am glad to have won, and for the sake of the money, because I was anxious to beat the acknowledged champion of the world before I finally retire from the sport. I have achieved the object of my ambition, and it is now my intention to turn the game up. A man who expects to always hold his own against young blood, and now that I have carried off the championship of the world, I have determined that nothing shall again induce me to do racing. I have won 100 races, so that I think I can very well retire upon my laurels. I have now done with racing, and I intend to devote my time to my business, which I find pays me best."

Leacock a Winner. By Telegraph to the Post-Dispatch. CHICAGO, Ill., August 31.—The fifth annual races of the Wanders Cricket and Athletic Club occurred to-day on the club ground before a large crowd. The mile handicap was run easily by L. J. Leacock of the Missouri Amateur Athletic Club, St. Louis, 7 yards; E. R. Baker of the Union Athletic Club, 15 yards, being second. Time, 4.39s.

Teemer has signed articles of agreement for his race with Gaudaur, and it will be covered September 10 at McKeessport. Gaudaur will go East accompanied by Hamon Moody evening, taking with him a Rudder boat, the one in which he beat Hanlan. Teemer is reported in good trim, and will race a new Rudder boat. Neither side is starting any expense to secure a victory.

The last meeting of the Modoc Club has gone to Chicago on business. The Modoc Club has been organized, and six new members, all good rowers, have joined the club.

John Blakey is making drawings for sectional racing for the Modoc Club. He is a growing belief that O'Connor will defeat Seale for the world's championship. The race takes place on September 3, on the lake at Chicago. O'Connor and O'Connor will be bound to accept.

Hammon is rowing in good form, and will race with Gaudaur, and it will be covered September 10 at McKeessport. Gaudaur will go East accompanied by Hamon Moody evening, taking with him a Rudder boat, the one in which he beat Hanlan.

THE CALIFORNIA COLT LOWERS THE THREE-QUARTER RECORD.

The Morris Park Meeting Closed in a Blaze of Glory—Britannia Kneels a Second of the Five Furlong Record—Trotting at Lexington—Speeding at Forest Park—Trotting.

By Telegraph to the Post-Dispatch. MORRIS PARK, N. Y., August 31.—The Morris Park Meeting closed in a blaze of glory and heat, and was a great success, and it is with some regret that the meeting is ended, as the people were getting familiar with the magnificent distances.

The track has established itself in record-breaking. Up to date it holds the best record at half a mile, by years old, which Britannia made in 1.31.2, Tipstaff and Tenor; a mile and five furlongs in 2:48, by Hindocraft. The crowd to-day was large, as it should be, seeing that the great El Rio Rey was named for the first time.

The White Plains Handicap was a grand race and good finish. El Rio Rey and Rupta were the only two in it at the finish and El Rio Rey got it by a neck, with Rupta second.

Naturally the intruder is startled at the tremendous racket, and either pauses or bolts incontinently.
